

### **What/who is this for?**

This document outlines everything you need to know about supporting SEN pupils at St Germans . It is useful for parents, pupils and people who would like to know what we do to create unique possibilities for **ALL** of our pupils, including those with SEND. **This document supports our whole MAT policy for SEND. What is SEND?**

A Special Educational Need is when a pupil finds something harder than other children that are the same age or when a pupil has a disability that might make it hard to use the resources in the school. Difficulties could be: communication, learning, emotional or physical. This means that teachers have to think carefully about what each pupil needs to succeed and progress.

Some answers to questions you might have:

### **How do my teachers know that I need extra help?**

*If we notice that you are finding something hard, or falling behind, we talk about ways to help you. We try to make sure that what you get in the classroom helps you first, before trying anything extra. If we put anything extra in place, we may place you on a 'record of need', this is just a way to keep an eye on how you are doing with this extra support.*

### **What can my parents do if they think I have Special Educational Needs?**

*Talk to your teacher, SENDCO (Miss Morfey or Head of School ( Miss C Passco)*

### **Who is responsible for me being happy and succeeding at school?**

*We are ALL responsible! Staff try hard to talk lots about good mental health. We learn different strategies and give lots of opportunities to share feelings. We want you all to do well.*

### **How will my learning be suited to me?**

*Your teachers will try hard to make sure that the learning in the classroom (and outside!) is just right for you and what you need.*

### **How will teachers and teaching assistants help me?**

*Your teachers and teaching assistants will work together to make sure you get what you need, and they will keep talking to you about what you want too.*

### **How will my parents know I am doing well?**

*We have parents evenings where we can celebrate success and talk about anything we might need to change or work on. For pupils with SEND we try to talk to each other and meet more often if we need to. Parents of ALL pupils can speak to the staff at any time if they want to. We also use an online tool called 'Edukey' to record your learning plans - your parents can see and comment on this. In addition, we use class dojo to communicate daily with our parents.*

### **How does the school make sure that I am happy at school?**

*We use lots of strategies based on Thrive and TIS (Trauma Informed School) style support but we also think carefully about EVERYTHING that is happening at school. There are lots of outdoor trips and sports events as well as exciting lessons in school.*

### **How do teachers and other staff make sure that I feel safe at school?**

*We talk to you all the time about staying safe. Staff wear badges so you know who everyone is. We keep the doors and gates locked during the day. If you are ever worried about anything you should talk to a member of staff. If you are really worried about something make sure you talk to Miss*

*Passco or Mrs Smith as they are in charge of 'safeguarding'.*

St Germans Primary School  
Part of the St Barnabas Multi Academy Trust  
SEND Information Report

**Who can help me and the staff at school if we need extra help?**

*Miss Passco, Miss Morfey and your class teachers can contact lots of people who can help e.g. staff at other schools or specialist people like Educational Psychologists or Speech and Language therapists. We will ask these people for help if we are still finding things hard at school, even after some extra help.*

**How are the staff at school trained in SEND?**

*Miss Morfey and Miss Passco have the national qualification in 'coordinating Special Educational Needs' and all other staff have had other training to help too e.g. in emotional wellbeing, Autism and helping pupils with things like reading and spelling.*

**How will the school make sure that ALL children, including those with SEND can take part in trips?** *When we plan trips, we plan in advance to make sure that it is suitable for everyone. We talk to you and your parents if there are any problems when organising a trip. We carry out risk assessments to help us with this.*

**How accessible is the school environment?**

*The school is accessible to all pupils and parents and we can make changes if we need to. (we have an accessibility plan which gives more details about this). We are always working to make the school more accessible if and when we can.*

**How will school prepare me for changes (transitions)?**

*We plan time for working through these e.g. visiting your new classroom or new school. We also do lots of work through our school values and thrive-style sessions about things like changes so that we have strategies to cope. We try to hold meetings with your parents and new members of staff so that they know what you need.*

**How is SEND support paid for?**

*The government gives the school a little bit of money (nominal SEN budget) which pays for resources and staff to help. Sometimes we get extra money from our Academy Trust for extra resources. Some pupils have extra funding if they need extra support (e.g. if they have an 'EHCP').*

**How am I assessed to see if I need extra support?**

*Teachers know you very well and they know what you can and can't do through your learning. We can also see in things like tests whether there are things you are finding harder than other people in your class. When we've tried everything, we might do some extra tests e.g. a dyslexia screening test, to see if there is anything else we can try!*

**Who can my parents contact for further information?**

*Miss Morfey is the Special Educational Needs Co-ordinator. Miss Passco ( Head of School)*

**How is this information reviewed?**

*Miss Morfey talks to staff, parents and pupils regularly about this information to try to make sure it is up to date and easy to read!*

SEND Information Report

**Want to know more?**

## ***Here is what, how and why we do what we do...***

### **1. Aims and objectives**

The St Barnabas MAT Board of Directors and teaching staff will do their best to ensure that the necessary provision is made for any pupil who has identified special educational needs and those needs will be made known to all who are likely to work with them.

The staff in the school are aware of the importance of identifying and providing for those pupils who have special educational needs.

The Head of School and SENDCO will meet and report regularly on the policy and effectiveness of the school's work for pupils with special educational needs, the results of which are available upon request.

The staff will work hard to ensure that pupils with special educational needs join in the activities of the school together with pupils who do not have special educational needs.

The staff of the Multi-Academy Trust will share good practice, ideas and resources to support the progress of our pupils, including those with SEND e.g. through SEND networking and meetings with other SENDCOs in the MAT (Multi-Academy Trust).

### **2. Responsible Persons**

The person co-ordinating and responsible for the day to day provision of education for pupils with special educational needs is Miss M Morfey (SENDCO) in partnership with the Head of School, Miss Passco

### **3. Inclusion**

All the teachers in the school are teachers of children with Special Educational Needs. We seek to create unique opportunities for ALL of our pupils, including those with SEND.

### **4. Access to the Curriculum**

The National Curriculum will be made available for all pupils. Where pupils have Special Educational Needs a graduated response will be adopted. The school will, in other than exceptional cases, make full use of classroom and school resources before drawing on external support.

The school will make provision for pupils with Special Educational needs to match the nature of their individual needs and all school staff will work together to keep regular records of the pupils' Special Educational Needs, the action taken and the outcomes. These will range from day to day notes made by the teachers and teaching assistants to whole school intervention tracking and assessment using systems such as 'FFT Aspire' and 'Edukey'.

There will be flexible grouping of pupils so that learning needs may be met in individual, small group or whole class contexts.

The curriculum will be reasonably adapted to meet the needs of individual pupils. Teaching styles and flexible groups will reflect this approach. Tasks and activities may be broken down into a series of small and achievable steps where needed.

Report date: September 2025

Review date: September 2026

St Germans Primary School  
Part of the St Barnabas Multi Academy Trust  
SEND Information Report

Schemes of work for pupils, within classes and year groups, will reflect whole school approaches to teaching and learning and will take account of special educational needs.

The 'SEND information report' and 'MAT SEND policy' for St Germans Primary School are published on the school website and local authority forums e.g. Family Information Service website, in order to inform prospective parents and other interested parties about how we support pupils at St Germans Primary School. This is updated at least annually.

Details regarding accessibility can be found in a separate 'Accessibility Policy'.

## 5. Admission Arrangements

Children with additional educational needs are considered for admission to the school on exactly the same basis as for children without additional educational needs. (please see Admissions policy) Prior to starting school, parents/carers of children with a Statement of SEND/Education Health Care Plan (or plan pending) will be invited to discuss the provision that can be made to meet their identified needs.

## 6. A graduated response at a school-based level

If a pupil fails to make progress in spite of some ongoing additional support they may be given an IEP (individual education plan/learning plan) in order to tailor their learning. This means we are 'monitoring' the pupil and will review within 1-2 terms.

If they continue to find aspects of school difficult despite support, and/or show signs of difficulty in some or any of the following areas:

- communication and interaction
- learning and cognition
- social/emotional/mental health
- physical/sensory

the school will place the pupil onto the 'record of need' at a school based level of support that is additional to and different from the reasonably adapted curriculum. This will be evidenced through an IEP (individual learning plan/learning plan) that identifies the child's needs.

Provision will match the needs of the pupils. Care will be taken when timetabling provision to ensure that the pupils are able to gain access to the full curriculum, taking it on a case by case basis, i.e. considering where the pupil's primary need is.

The resources allocated to pupils who have non-'EHC-plan' Special Educational Needs will be deployed across classes to support these individual education plans at a school based level as outlined in the revised Code of Practice. Parents will be informed and wherever possible/appropriate pupils will be involved in decisions taken at this stage. If a pupil does not make progress despite the school taking the action outlined, advice will be sought from the appropriate external support services and the IEP will be amended accordingly within the school-based level of additional support. Where necessary pupils will be referred to the SENDCO for diagnostic testing to build on a profile of the child's strengths and weaknesses e.g. using a dyslexia screening test or standardised reading test to assess support needed in situations like end of key stage tests.

## 7. Identification and Assessment - a Graduated Response

If progress is still not made despite the involvement of external agencies and external advice, the child may be assessed for a statutory assessment of special educational needs (The Education Health Care plan, EHCP). The appropriate forms will be used for recording and referral as necessary.

The progress of children with special educational needs will be reviewed through formative and summative assessments. SEND reviews will be held at least twice a year as part of the whole school 'Parents Evening' cycle (with additional meetings offered as needed e.g. during times of transition or at the request of the parent). Additionally, the progress of children with an EHC Plan will be reviewed annually, as required by legislation.

Report date: September 2025  
Review date: September 2026

St Germans Primary School  
Part of the St Barnabas Multi Academy Trust  
SEND Information Report

Progress of interventions is measured through pupil progress meetings and whole school intervention tracking e.g. using 'Edukey'. Action will be taken following on from this using 'Assess-Plan-Do-Review'

Detailed records will be kept of the pupils receiving extra support. This will include individual pupil files, intervention tracking e.g. on 'Edukey', electronic secure filing, and up to date record of need and whole school assessment data e.g. using 'FFT Aspire'. Records of children's SEND support and progress will be passed on to the child's next school if they move or as they move to secondary school (securely and within GDPR compliant procedures).

## **8. Resources**

The MAT allocates an amount of money for SEND pupils. These funds are mainly devoted to the purchase of Teaching Assistant hours. This is allocated by the Head of School under the Guidance of the Academy Principal and Business Manager.

The class based teaching assistants and class teachers will provide the majority of additional support and intervention where needed

## **9. Liaison**

**Parents will always be informed when an external agency becomes involved with their child.**

Regular liaison is maintained with external agencies for some pupils with SEND (and some without).

The school has links to Saltash Community College, Liskeard and Looe Secondary Schools and other secondary settings in Cornwall and Plymouth, and liaison is maintained particularly with regard to transition issues, and as such good contact is maintained by the school (jointly between the Head of School, SENDCO and Year 6 teacher).

## **10. Arrangements for the Treatment of Complaints**

The procedure for managing complaints is outlined in the School/MAT complaints procedure and can be requested from the school office if needed.

## **11. Staff Development**

In-service training needs related to special educational needs will be identified by the SENDCO and Head of School as part of whole school and MAT development.

## **12. Working with Parents**

The school will actively seek the involvement of parents in the education of their children e.g. through parents evenings, regular conversations, invitations to formal meetings and parent forums. A record of significant conversations and outcomes, as well as key points about a pupil's background are kept by all staff for key pupils in school, including those with SEND using the 'meetings log' on 'Edukey'. This is

monitored regularly by the SENDCO and Head of School

Review date: September 2026

St Germans Primary School  
Part of the St Barnabas Multi Academy Trust  
SEND Information Report

### 1) Pupil Participation

At St Germans we are passionate about Pupil Voice. As part of this we will seek the views of ALL pupils including pupils with SEND, through individual pupil conferencing and class forums. Talking about learning is an integral part of life at St Germans.

### 2) Evaluating Success

This information report and the MAT SEND policy will be kept under regular review. The MAT Board of Directors, School Governors and Head of School will gauge the success of the policy through visits and regular contact with the school and with the SENDCO and by monitoring and reviewing progress (both academically and otherwise) through regular reporting to leadership, governors and the MAT board of directors.

# A detailed view of support and provision offered by our school

## 1. Listening to and responding to children and young people

<p><b>Early Help Hub</b></p>	<p>What is Early Help? Early Help includes help provided in both early childhood and early in the development of a problem. Early Help is available to children and young people of all ages from pre-birth up to the age of 18, and up to the age of 25 where young people have special educational needs or disability.</p> <p>Vision for Early Help Early Help in Cornwall aims to ensure that services to support children, young people and their parents are there when they need them. Early Help is about identifying problems at an early stage and providing purposeful and effective help as soon as possible once they have been identified, working with families to solve those problems before they get worse.</p> <p>What is the Early Help Hub? The <a href="#">Early Help Hub</a> is the single point of access for council and community based health Early Help services for children, young people and families in Cornwall. This is the point of contact for advice and requests for support for a child or young person who:</p> <ul style="list-style-type: none"> <li>● May have additional needs that cannot be met solely by universal services and;</li> <li>● Where there is no perceived risk of significant harm.</li> </ul> <p>The Family Information Service is a service provided in Cornwall to bring together a wealth of information for parents and professionals alike, about what is available to support families in Cornwall. It is a great starting point for finding out extra information on the services we work with as a school, as well as services provided for families. It has many useful links and contacts on the website. They are a very supportive team who are always happy to answer your questions, if it can't be found on the website.</p>	<p><a href="http://www.cornwall.gov.uk/earlyhelp-hub">www.cornwall.gov.uk/earlyhelp-hub</a> 01872322277 <a href="mailto:earlyhelp@cornwall.gov.uk">earlyhelp@cornwall.gov.uk</a></p> <p>visit <a href="https://www.supportincornwall.org.uk/kb/5/cornwall/directory/family.page?family-channel=0">https://www.supportincornwall.org.uk/kb/5/cornwall/directory/family.page?family-channel=0</a></p> <p>Family Information Service Cornwall Council 39 Penwinnick Road St Austell Cornwall PL25 5DR Tel: 0800 587 8191 Tel: 01872 323 535 Email: <a href="mailto:fis@cornwall.gov.uk">fis@cornwall.gov.uk</a></p>
<p><b>Multi Agency Referral Unit (MARU)</b></p>	<p>Here we can seek advice and make referrals in cases of child protection.</p>	<p><a href="https://www.cornwall.gov.uk/health-and-social-care/childrens-services/child-protection-and-safeguarding/">https://www.cornwall.gov.uk/health-and-social-care/childrens-services/child-protection-and-safeguarding/</a> Who to contact if you have concerns about a child: Multi-agency Referral Unit - 0300 123 1116 Out of Hours Service - 01208 251300 <a href="mailto:multiagencyreferralunit@cornwall.gov.uk">multiagencyreferralunit@cornwall.gov.uk</a></p>
<p><b>The Speech and Language Team</b></p>	<p>The Speech and Language Therapy Team works with children, young people and their families in order to help children who have difficulties with communication or with eating, drinking and swallowing. They support us by carrying out assessments and 1:1 sessions, as well as providing us with resources to support our pupils</p>	<p><a href="https://www.cornwallft.nhs.uk/childrens-speech-and-language-therapy">https://www.cornwallft.nhs.uk/childrens-speech-and-language-therapy</a></p>
	<p>The Autistic Spectrum team supports us in providing for pupils with a diagnosis of Autism. We work closely with them to provide resources and support to pupils and their families.</p>	<p><a href="https://www.cornwall.gov.uk/education-and-learning/schools-and-colleges/special-educational-needs-file/information-advice-and-support/council-services/children">https://www.cornwall.gov.uk/education-and-learning/schools-and-colleges/special-educational-needs-file/information-advice-and-support/council-services/children</a></p>
